

## Load Seeking Clamp® 4.0

### Improve

- Uptime
- Wrap Quality
- Reduce Film Breaks

**Retrofit the Load Seeking Clamp 4.0  
on Your SL Automatic!**

Featuring **Leanwrap®** Technology

**Generates 3X Higher  
Clamp Holding Force**

**Reduces Film Pull-Outs  
and Film Breaks**

- Film web and rope positively inserted between pneumatic gripping bladders.

**Moves Out to the Load**

**Eliminates Tenting to Stop the  
Loss of Containment Force**

**Eliminates Film Tails**

- High starting force and leading film edge capture at the load.

**Safe and Intuitive**

**Easy Access**

- Eliminates touchy machine settings and most operator adjustments.
